

Contact Lens Agreement

(Valid for 1 year)

First time contact lens patients require the following:

- Contact lens evaluation
- Contact lens fitting
- Contact lens training
- Trial Contact lens
- 1 week Contact Lens follow up examination
- Annual comprehensive eye examination

Current contact lens patients require the following:

- Contact lens fitting
- 1 week Contact Lens follow up examination (if necessary)
- Annual comprehensive eye examination

Contact Lens Evaluation & Fitting:

Every year, each patient wearing contact lenses must be evaluated for any changes to their vision and/or their contact lens prescriptions. The fee each year is dependent on the lens type and the measurement of your prescription. There are 5 types of evaluation & fitting:

Contact Lens Evaluation/Fit Fees

New fit:	\$200	_____	(first time contact lens patients, includes training)
Fit/Evaluation:	\$150	_____	(evaluation of contact lenses for current contact lens patients)
RGP fit:	\$275	_____	(rigid gas permeable lenses, "hard contact lenses")
CRT fit:	\$2000	_____	(corneal reshaping therapy)
Scleral lenses:	\$2000	_____	(Keratoconus, specialty lens)

Contact Lens Training:

Training is required of first time contact lens wearers, and is to be completed to the satisfaction of the doctor. The fee for contact lens training includes up to three forty-five minute sessions for the patient to learn the following: cleaning and hygiene, application and removal, and a wearing schedule. If a patient is unable to complete the contact lens training on their first visit they are allowed 2 more training sessions to achieve success. If after three sessions, the patient is unable to master training they will not be able to continue with contact lenses. They must wait for six months.

Contact Lens Training : Includes 3 forty-five minute sessions, all within twelve months. Additional sessions are \$25 each.

I have read, understood and agree to the terms above:

patient name: _____ patient signature: **X** _____ date: _____

All contact lens follow-up examinations are included with your contact lens evaluation/fit fees. The contact lens follow-up examination is at no charge if it is scheduled within six months, and only necessary if the doctor recommends it.

All fees are due at the time of service and non-refundable.
